User Persona

THE PERSONA REPRESENTS A TYPICAL WARK MOSAIC USER - A REMOTE PROFESSIONAL BALANCING FOCUS AND FLEXIBILITY. IT HELPED ME VISUALIZE USER GOALS, BEHAVIORS, AND MOTIVATIONS, GUIDING DESIGN DECISIONS LIKE NAVIGATION STRUCTURE, FEATURE PRIORITIZATION, AND OVERALL FLOW.

Problem & Solution

Simplifying Complex Payments Through Smart Design

Paywell was designed to solve real user frustrations in online transactions focusing on speed, clarity, and reliability through a clean and structured experience.

Problems:

- Complicated payment management across multiple platforms
- Lack of real-time updates and transaction transparency
- Overcrowded dashboards with poor hierarchy
- Confusing fee structures and unclear reports
- Weak visual balance causing user distraction

Solutions:

- Unified dashboard to manage all transactions in one place
- Real-time notifications and transparent analytics
- Clean dark UI with green highlights for readability
- Simplified fee display and clear data visualization
- Structured layout for smoother navigation and focus
